

Let Life Sciences meet you

Lecture online

Introduction to medical technology industry

19 January 2021 – 18:00 – 19:30

In cooperation with btS you have the opportunity to join the lecture

"Einführung in die Medizintechnik-Industrie – Introduction to Medtech Industry"

Germany takes the second place when it comes to the worldwide medical technology production. But what exactly is Medtech Industry? Who are the main players and what are the current challenges and possibilities within this industry? The talk will address digital transformation, co-working with the pharma industry, software as medical product and upcoming regulations, e.g. MDR in 2021.

Speakers from AVERTIM Innovation and Management Consulting Frankfurt will provide you with insights into these topics and present you the opportunities consultants have in this industry field.

There will be time for questions and discussion after the presentation.

This online event will be held in English and will last about 1.5 hours.

If you are interested, please register <https://s.bts-ev.de/medtech> and please fill-in the survey under <https://limesurvey.bts-ev.de/index.php/438217?lang=de>

You will get the link for the online event via email before the meeting
