**Registration:** <https://terminplaner6.dfn.de/de/p/24e2c5285f68a19e2b5e513d992a2216-843487>

This evening offers a unique opportunity to meet successful alumni from the fields of **Pharma and Regulatory Affairs, Engineering and Microchips, Biostatistics, Energy Transition, and Science Management**. Our alumni will share their personal career paths, explain how they landed their current roles, describe their day-to-day responsibilities, and discuss future career opportunities. They will offer insights into the challenges and opportunities in their respective industries. Take advantage of the opportunity to ask questions, network with professionals, and gain valuable information about job applications and hiring requirements in various sectors.
