At our annual event Local Heroes we would like to present the following companies:.

With the Bryo-Ttechnology developed for the production of biopharmaceuticals based on moss plants, the company Eleva defined completely new therapeutic options. Eleva produces complex proteins such as antibodies and substitute enzymes and has successfully brought its own drug candidates into the clinical phase <https://www.elevabiologics.com>

Dr. Falk Pharma GmbH is an independent, internationally active family company specialized in the development and marketing of pharmaceuticals for gastroenterology and hepatology. <https://www.drFalkpharma.de>

Reaction Biology is a research company located in Freiburg and Pennsylvania, USA. Our focus is the development of new drugs for the treatment of cancer in the preclinical phase. Our services include biochemical, cellular and animal experimental work in the context of customer orders from the pharmaceutical and biotechnological industries as well as academic institutions. <https://www.reactionbiology.com/>
