

CIBSS Career Days

Strike a path!

Oct 20-21, 2022

What? The CIBSS Career Day supports Early Career Researchers with career planning. Early planning will allow a smoother transition to your next envisaged career step.

When? 20-21 October 2022 (face-to-face, if Corona case numbers allow it)

Where? University of Freiburg, Biologie II/III (Schänzlestr. 1, 79104 Freiburg)

For whom? CIBSS Early Career Researchers. Especially suitable for doctoral researchers from year 3 onward as well as young postdocs. Researchers/students from a life sciences background who work or study at the University of Freiburg, Universitätsklinikum Freiburg, or Max Planck Institute of Immunobiology and Epigenetics are also welcome.

Agenda

The Career Day will have a training session and event session:

October 20th

Workshop: Reflect about your own strengths/weaknesses and develop a vision for your future - professional orientation with Barbara Hoffbauer

October 21st

Workshop: Job Opportunities in the Pharmaceutical Industry (job profiles, career paths and smart application) with Dr. Cornelia Weber

Event: Three parallel panel discussions/presentations on career paths with invited speakers in the field

Registration

Please register at <https://kurzelinks.de/CareerDay>

Registration is open until September 30th, but workshop places are limited.
