Traditionally at the end of the year, all participants of the program network again and review the events offered by "kite-mentoring" in the passed year. You are invited to give confidential feed-back and play an active part of the program. It is the proper moment to bring up your wishes, proposals, suggestions - what should we offer in 2020. We are so flexible that we can adjust the running program according to your demands - and that's one of the differences according to other programs, we work really bottom up! Please come to our meeting, the new mentees are especially invited, because you can bring up new ideas...
