Dear friends of life sciences,

We invite you to our new event with the company of Roche:

On **Monday, March 2<sup>nd</sup> 2020**, the event

**Science Careers at Roche** will take place.

Speakers will introduce career options in the fields of life sciences, engineering, data science, computer science and sustainability management, and you will have the chance to discuss your questions with them. The event will be in English.

There is quite some special background to this event. The speakers of Roche do not only come to Freiburg but they are on their way to the Netherlands. They chose to do so not by car or plane, but by bike! On their way they are raising awareness for the organization Nicaplast. Their project helps children in Nicaragua who suffer from orofacial cleft. #rideforacause

We are looking forward to seeing you!

**Freiburg**
